

# Phil Picchietti

Chief Financial Officer

## Experience

Phil Picchietti has a passion for helping others and it shows. Before joining our team, he spent over 25 years at Cancer Treatment Centers of America as Chief Financial Officer. His impressive mix of health care, investment, insurance and banking experience is one of the many reasons he was selected to become Chief Financial Officer of Laser Spine Institute.

Prior to joining Laser Spine Institute, Picchietti held executive and financial leadership roles that utilized his talents in accounting, financial reporting, planning and analysis, treasury, compliance, internal controls, systems review and development, revenue cycle, supply chain and auditing. He previously served as Assistant Controller for Roanoke Insurance Agency and as an Accountant and Financial Analyst for Combined Insurance Company of America and Ryan Group prior to the formation of AON.

Picchietti earned a master's in accounting from DePaul University's Charles H. Kellstadt Graduate School of Business and attended Marquette University and Western Illinois University to earn his bachelor's degree in finance.

In his free time, Picchietti gives back by participating in fundraising activities for research and financial assistance programs for cancer patients. He also spends quality time with his family.
